

Import contacts from LinkedIn post , poll or event

Want to **import people that interacted with a LinkedIn post, interacted with a LinkedIn poll or are attending a LinkedIn event?**

💡 The post doesn't need to be yours, could be anyone's!

Follow these steps:

- Go to LinkedIn and copy the URL for the post / poll / event

![](https://downloads.intercomcdn.com/i/o/qjmc10sy/1393076622/3e4869f5c57f42344b865f39a90b/image.png?expires=1770300900&signature=b41c5545effbbb221a353aa6ffe320bb0d53c5bb438073e7f4724fcd25dee7c3&req=dSI

1. Go to Genesys > Lists > **+ Create new**

2. Jump to Contacts and choose your desired option:

- Import from LinkedIn post
- Import from LinkedIn poll
- Import from LinkedIn event

1. Paste the URL and choose if you want to create a new list or add it to an existing one
