

# Import companies from LinkedIn by job offers published

Want to create a list of companies based on LinkedIn job postings?

Follow these steps:

### **1** Go to **Home > Create > List > Companies > Import from LinkedIn Jobs**

 Enter the LinkedIn Jobs Search URL

- Copy the URL of the job search you performed on LinkedIn Jobs.
- Paste it into the field labeled "**LinkedIn Jobs search URL**".

## **2** Add to a List

- **Create a new list** for these companies.
- **Add to an existing list** you already have in Genesy.
